

Save money by using Tier 1 doctors

Did you know that providers may charge different costs for the same service? Where you go for care can make a big difference. Consider Tier 1 when you need care.

Tier 1 providers are doctors, hospitals and other health care facilities that are recognized for higher value in health care delivery. When you use Tier 1 providers, you will typically pay less for the same service.

UnitedHealth Premium® Tier 1 physicians – These are doctors in 27 different medical specialties who are recognized for meeting national standards for quality and local market benchmarks for cost efficiency.

Consider using a Tier 1 doctor before you go. Look for the Tier 1 logo in your provider search on myuhc.com, or call the member phone number on your health plan ID card.

UnitedHealth Premium® Tier 1

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com®. You should always visit myuhc.com for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please visit myuhc.com for detailed program information and methodologies.
